MUSIC IN SCHOOLS AND COLLEGES

Many of our music clubs do so many activities to support music involving our youth. There are scholarships given, volunteer hours given and support in just attending performances presented in our schools by young people from kindergarten through college. Through all of these things that we do we encourage them to continue their musical experiences. It may be as a career in music or it may be as an avocation. Music is a lifelong activity and can be enjoyed by anybody at any age either through performance or listening.

Why not help further by having your club complete the form on the following page? This will not take much time and it can only be a positive way to let the NFMC that we are doing our part. We must continue to be active in the musical experiences of our young people and what better way to do that then by reporting on their activities.

The deadline for this report is **APRIL 1**. Please be prompt so that we don't miss the opportunity to let the NFMC know we care about our school musical activities.

Thank you,

Lucy Henry
