EDITH KIRK KNERR AWARD

In 1966, PFMC established the “Edith Kirk Knerr Award for Distinguished Achievements” in honor of its past president, Mrs. Walter A. Knerr. We continue that tradition of rewarding PFMC Senior clubs for Achievements, as recorded on the EKK Report Form (application) with most of the information obtained from the completion of the NFMC Senior Rating Sheet, ME 7-1. Both of these reports cover July 1st to June 30th and are due for submission by July 30th. The award has undergone numerous revisions, but at present, three awards are given in each of four classes, decided by the number of members in the Senior Club. Points are earned for different projects and achievements as well as involvement of members in PFMC as well as other organizations. First place is \$30, second place - \$20 and third place - \$10 in each of the four classes. No winning club can receive an award the following year, (but may submit an application), thus assuring that there will be new first place clubs each two years.

As of the September 2015 board meeting, the decision was made to base the award only on points listed without additional points for programs, news articles, etc. that you are welcome to include.

Why not fill out the report form and let PFMC know what your club has been doing? You may just end up adding to your club's treasury!

Send your completed club application to the chair's address listed on the application. The printable application is available at the “Forms” tab on www.PFMC-music.org.

Here's to your club's achievements!!
